Language

- English
- Hindi

Expertise

- 3D Modeling
- Creativity
- Texturing
- Attention to Detail
- Critical Thinking
- Time Management

Experience

MAAC Workshop | 2024

Held at MAAC Kanpur — Oct 2024

Learned industry practices in 3D modeling, texturing, and lighting.

Collaborated in a team to create a short 3D scene under professional guidance.

Personal Projects:

[Showreel link](#)

Abandoned Factory Environment

Blender, Photoshop

Modeled modular assets including ventilation systems, pipes, and structural elements to optimize reusability.

Ancient Temple with Buddha Statue

Blender, Photoshop

Created and textured a large Buddha statue using PBR workflow for realism and aging effects.

Night City Chase Scene

Blender, Photoshop

Created a modular city road and lighting setup with real-time reflection and emissive materials.

Education

Chhatrapati Shahu Ji Maharaj University, Kanpur

Bachelor Of Computer Application

2025

Kendriya Vidyalaya IIT Kanpur

Intermediate

2022

Skills Summary

3D Modeler Artist 78 %

3D Environment Artist 81 %
